Subject: Microsoft Settlement

Dear Sirs or Madams,

I just wanted to voice my opinion that the proposed Microsoft settlement will not alleviate the problems facing this country that are a direct consequence of Microsoft's monopoly and their continued habit of abusing the aforementioned monopoly. The actions taken against Microsoft must be more thoroughly considered before any hasty "stop-gap" or "wrist-slap" measures are taken. Please reconsider the proposed settlement and try to come up with a solution that has a higher chance of success against this corporation and its monopolistic tendencies. Thank you, and have a nice day.
